

Dear Potential Sponsor,

Happy Hooves Therapeutic Farm is a Not For Profit (501C3) organization providing animal-assisted therapies, community events, field trips and camps for families in our community affected by disability.

Our farm provides our animal-assisted therapies through Strides In Motion which is owned by Loren Gineris, a licensed Physical Therapist, who also provides therapeutic riding sessions. Strides In Motion is an outpatient therapy practice that incorporates both clinic-based treatments and Hippotherapy (using the horse's unique 3-dimensional movement as a therapy tool).

Strides In Motion uses this 3-dimensional tool for children and adults with a wide range of diagnoses, including but not limited to Cerebral Palsy, Autism, Down Syndrome, Developmental Delay, Stroke, Traumatic Brain Injury, Spinal Bifida and Multiple Sclerosis.

Happy Hooves Therapeutic Farm partners with multiple local charities for free events such as: Easter Egg Hunts, Storytime With Local Authors, Visit From Santa Claus Christmas Party and Picasso And Hooves. We also offer multiple volunteer opportunities throughout the year for middle school and high school youth.

Every year, Happy Hooves Therapeutic Farm has an Annual Fall Festival Fundraiser which provides funding for our free community events. Received funding also goes to farm equipment, support and care of our therapy animals, scholarships, and heating costs for our barn during the winter months.

Pertinent details are summarized in the factual sheet attached hereto.

Thank you in advance for reviewing our proposal for sponsorship.
